CLASSICA COLLECTION®

Looks can be deceiving. From a distance, you see wood. Up close, it's sturdy, durable, low-maintenance steel. The Classica Collection of Carriage House Doors. Precision-shaped doors designed for pinch-resistance in fresh, clean, classic carriage house styles that go up and down like traditional garage doors. Three-section tall designs, instead of four, help deliver a more authentic carriage house look. Deception never looked so good.

PINCH RESISTANCE

Amarr Classica doors are built with low-maintenance, heavy-duty steel. Each features sections designed for pinch resistance.

Construction

STEEL

1000 Single-Layer: Steel

Get value and durability with a Classica 1000 single-layer steel door. These heavy-duty steel doors are durable, reliable, and low maintenance.

- Heavy-Duty Exterior Steel
- Durable, Reliable, Low Maintenance

2000 Double-Layer: Steel + Insulation

A Classica 2000 double-layer steel door provides durable, low maintenance features, plus a layer of vinyl-coated insulation for increased thermal properties and quieter operation.

- Heavy-Duty Exterior Steel
- Durable, Reliable, Low Maintenance
- Environmentally Safe Polystyrene Thermal Insulation with Vinyl Backing
- Energy Efficient
- Quiet Operation

3000 Triple-Layer: Steel + Insulation + Steel

For the toughest, most energy-efficient steel door, a Classica 3000 triple-layer door includes the ultimate in thermal properties, plus a layer of steel for a finished interior look and added durability.

- Heavy-Duty Exterior and Interior Steel
- Durable, Reliable, Low Maintenance
- Environmentally Safe Polyurethane Thermal Insulation
- Superior Energy Efficiency
- Extra Quiet Operation
